Training Level JR TOC (5 min.)

02:34	100	Sydney Owen(t-4)	R C Mercury	138	55.200	1
-------	-----	------------------	-------------	-----	--------	---

Show ends at 2:40

Dear Nancy,

Here are the directions to the show. I am mailing these by Snail Mail today too. We'll skip the where you leave your house.

Get on I-64 and head east towards Virginia Beach, that part you know. Get through Richmond or around it, that hour on a Sunday morning there won't be any traffic. Stay on I-64 all the way. You will cross over the Hampton Rhodes Bridge Tunnel. Follow I-64 around thru the big interchange but stay on I-64 and move over to the right lane. Indian River road will be coming up on your right. You want to take the second Indian River RD. exit (Exit 286B) go under the over pass and then around and up. Now you are on Indian River RD. heading east. Go a mile and a half, stay in the middle or left lane and follow the road as it slits off to the left. This is Farrell Parkway. You'll go a little over 2 and a half miles and the Parkway will drop you on to Princess Anne Rd. Move over to the far Left Lane and go 2 and a half miles to a Stop Light at Dam Neck RD. Turn Left on to Dam Neck RD., go another 2 and a half miles to a Stop Light and turn Right on to London Bridge RD. Here is where the **Map Quest** directions **are wrong**. Go about another mile and a half and look to the left, there will be a lot of white PVC fencing that's Princess Anne Farm, and a Farmers Market I think is Hunt Clue. There will be a median brake and a turn lane. Turn left and go down the road you are on, it will be gravel. Drive past all the fencing to the barn and then turn left on to the very first left you come to. On your left will be the barn and the indoor arena, park there, where the other cars are parked. Or, if you would like you can park in the field with the trailers.

Dear Nancy,
